CITY RESTRAINED BY COURT FROM CALLING RECALL VOTE

License Is Granted To Radio Station KREG

JOHNSON AND SWING SEND NOTIFICATION

Register Broadcasting Station to Have Wave-length 1500 Kilocycles
LATEST EQUIPMENT

Date of Formal Opening of KREG, With Program, To Be Announced Soon

A CHRISTMAS GIFT for the people of Santa Ana and Orange county had been received by The Register today in the form of notification, from Washington, D. C., that the federal radio commission had granted a license for the operation of KREG, Register radio station.

Word of the license issuance came in telegrams from Senator Hiram Johnson and Representative Phil D. Swing, who have been working in conjunction with officials of the Pacific Western Broadcasting federation, owner of KREG, and representatives of The Register, operator of the station, in hearings before the commission.

KREG will operate on a wave-length of 1500 kilocycles, the same location on the other waves occupied by KWTG when it was in operation, and will broadcast for the present on a power of 100 watts. Latest type of equipment, including a crystal-control, will prevent KREG from interfering with the broadcasts of other stations and insure sharp tuning. The station will have the right to be on the air 24 hours a day or any portion of the 24 hours.

The telegram received by J. F. Burke from Johnson and Swing, notifying The Register of the license, was as follows:

"Radio commission has just advised me of issuance of license today to station of Pacific Western Broadcasting federation. This in further reference your letter fourteenth and supplementing my wire of yesterday.

(Signed) "HIRAM W. JOHNSON."

"Glad advise license to operate Pacific Western Broadcasting company granted you today.

(Signed) "PHIL SWING."

BRITISH FAIL TO SELL NAVAL BASE

EDINBURGH, Scotland, Dec. 21. (UP)—The British government, making a gesture of voluntary disarmament, tried to sell an entire naval base yesterday—and could not find a bidder.

"Sixty thousand pounds," the auctioneer said, "I want for this splendid naval base on the shore of the Firth of Forth. Port Edgar was built at great expense in the war time. It was a center for the small ships of the grand fleet. It comprises a harbor 57 acres in extent. Who'll say 60,000 pounds?"

There were no bids. There were no bids even when the auctioneer pleaded for 30,000 pounds.

Reconciliation Is Failure; Husband Commits Suicide

EL PASO, Tex., Dec. 21. (UP)—G. E. Morgan, 26, of Los Angeles, committed suicide by drinking poison in the home here of his estranged bride of three months.

Mrs. Morgan said she came here from Los Angeles three weeks ago after a quarrel with her husband. She said she attempted to effect a reconciliation several days ago but she refused.

Morgan called at his wife's home late yesterday. He collapsed shortly after entering, and died enroute to a hospital.

SANTA ANA CHURCHES PLAN SPECIAL SERVICES SUNDAY

Would Create 21 Systems In United States

Plan Offered After Eight Years of Study But Is Not Mandatory

WASHINGTON, Dec. 21. (UP)—The interstate commerce commission issued today its final merger plan proposing 21 railroad systems for the nation and five in the important eastern trunk line territory.

The plan was offered after eight years of study in obedience to a congressional mandate included in the 1920 Transportation Act.

The commission made it plain the plan was not mandatory. It is offered to the railroads for their consideration as the commission's idea of a model railroad structure for the nation.

Two systems built up about the Boston & Maine and the New Haven were proposed for New England territory.

In eastern territory, the commission proposed that the New York Central and the Pennsylvania systems should remain substantially as at present constituted.

The Baltimore & Ohio was allocated to the Reading company, the Central Railroad of New Jersey, the Buffalo, Rochester & Pittsburgh, the Detroit, Toledo & Ironton, the Chicago, Indianapolis & Louisville (one half interest) and a number of other subsidiary lines.

Trackage rights over the Western Maryland between Shippensburg, Pa., and Cherry Run, W. Va., also were favored for this system.

The Chesapeake & Ohio railway would obtain, under the commission's plan, the Hocking Valley, the Erie, the Delaware, Lackawanna & Western, the Nickel Plate, the Pittsburgh & Shawmut, the Detroit & Toledo Shore line, and a larger number of short lines.

The commission proposed a new trunk line system built up about the Wabash and including the Lehigh valley, the Wheeling & Lake Erie, the Pittsburgh & West Virginia, the Western Maryland, the Akron, Canton & Youngstown, the Toledo, Peoria & Western, and a number of other important lines.

The Seaboard Air Line railway was allocated to the Wabash as was also the Norfolk & Western and half interest in the Detroit Toledo & Ironton.

Turning to southern territory, the commission proposed two large systems to be based on the Atlantic coast line and the Southern Railway. The Illinois Central would also

Unidentified Man Rescues 10 From Ammonia Deaths

SAN FRANCISCO, Dec. 21. (UP)—Lives of 200 persons were imperiled here today when ammonia fumes, escaping from a broken high pressure pipe, leaked through the Swift and company plant.

Ten men, two of them dying, were carried unconscious from the basement of the plant and taken to an emergency hospital after a heroic rescue by an unidentified truck driver.

The men overcome by the gas were processing meat in the basement. The high pressure tank that burst was nearly under a main stairway.

Without warning, today struck the men and the fumes when they knew of their danger was when strangulation gripped them.

Blinded and frantic, the workmen rushed to the basement windows, screaming for air and help, attracting the truck driver's attention.

C. N. Mozley Is Disbarred In California

C. N. Mozley, former deputy district attorney and practicing attorney in Santa Ana for a number of years, has been suspended from practice in California for one year, under action of the board of governors of the State Bar association, it became known today.

According to a statement by the association, the former deputy district attorney was charged with converting money belonging to clients to his personal use.

Mozley now is residing in Hollywood.

FRENCH NAVAL VIEWPOINT IS GIVEN PUBLIC

Copies Sent Simultaneously To Japan, United States, Italy and England

PARIS, Dec. 21. (UP)—A memorandum containing France's general viewpoint on naval disarmament pertaining to the five-power conference in London next month was dispatched from the Quai D'Orsay today to the United States, Japan, Italy and Great Britain. Copies were sent out simultaneously to Washington, Tokio, and Rome while Great Britain's copy will be delivered to the British foreign office probably this afternoon by M. A. Deffleuriau, French ambassador to London.

The French memorandum emphasized the following points in the nation's attitude towards the London conference:

- 1—Naval disarmament constitutes only a part of the general problem of limitation of armaments which ought to be regulated by the League of Nations.
- 2—Naval, land and aerial armaments should be considered as interdependent.
- 3—The French demands for tonnage will be based only on the needs of France.
- 4—The naval problem should be considered from the viewpoint of

SEVEN KILLED AS TRAIN HITS AUTO

CLARINDA Ia., Dec. 21. (UP)—Seven persons were killed here last night when their automobile was struck by a Chicago, Burlington and Quincy railroad gasoline coach as they left Clarinda after doing their Christmas shopping.

F. E. Glass, his wife, their sons, Frank and Bee, and daughters, Mary and Nova, and Charles H. Utkins, also of College Springs, were the victims.

POPE PIUS XI ENDS 50 YEARS OF PRIESTHOOD

Ceremonial in Vatican Is Very Brief and Consisted of Low Mass Only

ROME, Dec. 21. (UP)—With much of the simplicity that marked his first celebration of mass in the Church of St. Charles in the Corso, 50 years ago, Achille Ratti observed today the Golden Jubilee of his priesthood at the altar of the great Basilica of St. Peter's—as Pope Pius XI.

While the Basilica overflowed with worshippers of high degree, and the streets and piazzas surrounding St. Peter's were thronged with thousands of spectators, the ceremonial by which the Pope marked his half century of service in the church was remarkably brief.

It was a low mass—not a high Pontifical mass—that was celebrated by the Pope. The reason for this was practical—not one of sentiment, for alterations in the apse and aisles of the cathedral for the beatification of the English martyrs last Sunday had forced a curtailment of the ceremony.

The Basilica was crowded when the Pope entered, borne on his sedia of state, and was adorned with banners and hangings which lent all the dignity of medieval times to the scene. In the central nave, the palatine guard, in picturesque costume, was drawn up.

As usual, upon a state occasion, a silver bell announced the arrival of the Pope, whereupon the thousands within St. Peter's turned their faces to the doors of the chapel of the sacrament, through which the Pope entered.

Preceded by bearers of the famous "labellae"—Great white ostrich feather fans which give such ceremonies the aspect of an oriental state affair—the Pope was borne in on the "sedes gestatoria" by six stalwart noble guards.

At the conclusion of the mass the Pope was once more carried from the church in state, while the worshippers kneeled for his blessing.

GUARD HIRED BY MARKET OPERATOR

SANDS POINT, L. I., Dec. 21. (UP)—Jesse L. Livermore, spectacular stock market operator, has retained a special guard to protect him and his family from possible attacks by disgruntled market losers. Livermore is reported to have made millions in the recent Wall Street crash.

Frank Gorman, crack pistol shot and athlete, is the guard. He occupies a room in Livermore's mansion here next to that of the millionaire's two small sons, who several times in the past have been guarded against kidnapping threats.

BYRD GIVEN RANK OF REAR ADMIRAL

WASHINGTON, Dec. 21. (UP)—President Hoover today signed a bill elevating Com. Richard E. Byrd to the rank of rear admiral in recognition of his successful exploration of the Antarctic regions and his air trip to the south pole.

Christmas To Be Theme Of Program Here

Cantatas and Musical Pageants Planned by Most Of Institutions

IN EVERY CHURCH in Santa Ana the greatest Christmas festival of the ages will be ushered in tomorrow to the accompaniment of that quaint old melody of Yuletide, "Deck the Halls with Holly." Scarlet berries, massed boughs of evergreen and the flaming poinsettias, which here in the Southland are as indissolubly connected with Christmas as is the red-berried holly of Old England, will be used in decoration. Noel will be the theme of sermon and song and the tender beauty of the story of the Child born in a Bethlehem manger will soften the hearts of all who hear it, until all shall join in the spirit of that most beautiful wish—"Peace on earth, good will towards men."

First M. E.

The Christmas theme is especially to be stressed at the First Methodist church of which the Rev. George A. Warner is pastor. "The Secret of Christmas" is the subject of the minister's sermon for the 11 o'clock worship hour. At 7 o'clock a pageant entitled, "The Child of Prophecy," under the direction of Mrs. John Clarkson, will be presented. It will feature pageant music that has been directed by Mrs. Harry Hayes and is to be played by an efficient cast both Sunday and Monday night. A Christmas cantata will be given by the church choir, under the direction of Mrs. E. M.

SHIP IN DISTRESS NEAR ISLE OF PINES

BOSTON, Dec. 21. (UP)—The steamer Santa Ana is leaking badly and in distress 130 miles south of the Isle of Pines, South of Cuba, according to an "S.O.S." relayed to the Tropical Radio company here today.

The "S.O.S." timed 10 a.m., had been picked up by the United Fruit company's steamer Abangarez while the latter craft was about 20 miles northeast of Cozumel island, off the Yucatan peninsula, Mexico.

According to the report received by the Abangarez, the Santa Ana, leaking badly, was steering northward.

The message stated that the United Fruit steamer Tolosa and the steamship Gatun and Athelchief were speeding to the Santa Ana's assistance.

Pola Negri Not Sure Truce With Prince Permanent

PARIS, Dec. 21. (UP)—Pola Negri asked for "time out" in her divorce suit today until she determines whether the truce with her husband, Prince Serge Milvank, is permanent.

The motion picture actress failed to take advantage of an opportunity to withdraw her suit although it had been indicated the quarrel between the couple had been patched up.

When Miss Negri filed papers in the suit she indicated that incompatibility of tempers was the reason, pointing out that she "adored an artistic career but the prince put every obstacle in her way. The judge said the reason was not sufficient and he established a "period of delay" in which the actress was ordered to renounce her divorce action or furnish better grounds.

Dog's Barking Saves Six From Flames

LOS ANGELES, Dec. 21. (UP)—Dave, a police dog, was credited today with saving the lives of six members of the household of E. L. Petifils, millionaire oil man. His frenzied barking awakened Petifils, Mrs. Petifils and servants in time to permit them to flee to safety, scantily clad, as the Petifils mansion burned almost to the ground. Except for the noise made by Dave, members of the household said they might have been trapped by the flames.

The blaze, apparently started by a defective fuse, had gained such headway that the house was entirely ablaze when firemen arrived.

CONGRESS ENDS SESSION UNTIL AFTER HOLIDAY

Only Routine Business Is Transacted As Solons Leave for Homes

WASHINGTON, Dec. 21. (UP)—Congress is closing its doors for the Christmas recess today with only two of the remaining 1200 paragraphs in the tariff bill acted upon since it convened in regular session three weeks ago.

The senate was more than half way through the tariff when the regular session started, but in the press of extraneous business, two items of the wool schedule were all that have been approved in the bill since that time.

Delay in the tariff brought speedier action on the administration's \$160,000,000 tax reduction, the French debt settlement, the ouster of William S. Vare of Pennsylvania from the senate, the induction of the new senator, Joseph R. Grundy, in Vare's place and the adoption of numerous emergency bills such as that to extend the life of the federal radio commission. All these have been disposed of at the expense of the tariff bill.

In view of this embarrassing situation, leaders of all senate factions have entered a gentlemen's agreement to keep the tariff bill continuously before the senate to the exclusion of all other business when congress reconvenes January 6.

Even the rush order government supply bills will be held up so the tariff can be finished at the earliest possible moment, which now appears to be late in January or early in February.

The leaders are not dismayed at the future delay of the tariff. They believe they have handled a record breaking amount of business which had to be passed. The remaining tariff schedules to be considered are wool, sugar, books, papers, rayon and silk, sundries and the free list.

Only routine business is scheduled for the closing day.

ALMA RUBENS WINS FIGHT ON NARCOTICS

HOLLYWOOD, Dec. 21. (UP)—Alma Rubens, screen star, has won her fight against the use of narcotics.

The actress, under treatment at Patton State hospital for seven months, has been discharged from the institution.

Her friends claim that she will take a long ocean trip and then return to Hollywood to resume her picture career.

For the present, it was said, she will remain at her mother's ranch near Fresno.

Miss Rubens was placed in Patton on the complaint of her husband, Ricardo Cortez, last June. At hand Ricardo Cortez, last June, at the time she had been unsuccessful in several attempts to

COUNCIL IS ORDERED TO SHOW CAUSE

Members Are Instructed to Come Into Judge Ames' Court Dec. 26 at 2 P. M.

PETITION IS FAULTY

Order Issued on Complaint Of Jules Markel and Is Presented By Reinhaus

JUD H. G. AMES today issued an order temporarily restraining the city council from issuing a call for a recall election under the recall petition filed by the Citizens' League.

The restraining order cites the members of the city council into court at 2 p. m., December 26, to show cause why each of them should not be restrained and enjoined, during pendency of the action, from taking any action whatsoever relative to the recall petition and the calling of a recall election.

The order was issued on complaint of Jules W. Markel, Santa Ana property owner, and presented by Stanley Reinhaus, of the law firm of Scarborough, Forgy and Reinhaus.

The complaint points out that on March 16, 1914, the city council passed an ordinance establishing five wards in the city and providing for the election of a trustee from each ward. Quoting the words on the recall petition, which was filed with the city clerk on December 2, 1929, the complaint asserts that the petition "by its wording endeavors to recall a group of men without designating their office, or the office of any of them; that said recall petition

(Continued on Page 2)

Taylor Murder Case Solution Near, Says Fitts

LOS ANGELES, Dec. 21. (UP)—The solution of the William Desmond Taylor murder, one of the most sensational and mystifying slayings in the history of Southern California, is near, District Attorney Buron Fitts said today.

Taylor, a prominent motion picture director, was shot to death in his apartment February 1, 1922. Prominent film figures figured in the investigation which was carried on for months.

In his statement today, Fitts said that three of his best agents have been working on the case secretly for the past 11 months.

Only "one link" now holds up the complete solution and he expects that "link" to be found soon, Fitts said.

DEATHS

A WORD OF COMFORT

You are not self-sufficient; you are learning that more sure each succeeding day. You are dependent upon God, who gave you life, for help in using the strength you have and for assistance in carrying out the high purposes to which you are devoted. He gives you sufficient with which to meet the tasks and responsibilities of each today. If you take it and use it, you can never fail nor fall. Ultimate defeat is unthinkable for one who can draw upon the omnipotent power of strength. You are in process of winning, even when you feel that your progress is most slow.

O'NEIL—In Santa Ana, Dec. 20, 1929, P. J. O'Neil, age 79 years. Funeral services were held this morning at 10 a. m. from Smith and Tuttle's chapel.

LECHUGA—In Santa Ana, Dec. 2, 1929, Rudolph Lechuga, infant son of Mr. and Mrs. F. Lechuga. Funeral services will be held Monday at 10 a. m. from Smith and Tuttle's chapel.

CLOTHES LINE THIEF SOUGHT BY POLICE

Santa Ana police today were searching for a thief, who last night stripped two clotheslines. At the same time, Chief of Police L. C. Rogers issued a warning to housewives to take their laundry in the house at night.

Nine shirts, valued at \$29, a number of handkerchiefs and other small articles were stolen from the home of Mrs. May L. Briney, of 801 North Ross street, and six pairs of socks, two suits of underwear and six shirts were taken from the clothesline of Mrs. O. Cochran, of 310 West Second street, it was reported.

L. A. WOMAN IS GIVEN RIGHT TO SINK OIL WELL

The sight of oil wells in the ocean near Huntington Beach is a possibility of the near future, it was revealed today with the announcement that the state surveyor general, W. S. Kingsbury, had granted a permit to Mathilda Shallemler, of 635 A. G. Bartlett building, Los Angeles, to drill a well on 100 acres of submerged land one mile from the north city limits of Huntington Beach.

The Shallemler application was the only one granted out of 73 filed with the state two or three years ago under the state law granting the state a right to lease beach land for a distance of one mile on either side. Under the terms of the Huntington Beach permit the lessee must begin drilling operations before May 4, 1930, otherwise all rights are cancelled.

Following a court fight on beach drilling a year or so ago, 18 of the 73 applications were returned to Kingsbury's office. Of these, 16 were found to be inside the one-mile limit. The remaining two by Mathilda Shallemler and John P. Godfrey were on the same property. The Shallemler application antedated that of Godfrey.

The Standard Oil company has a number of wells on the Pacific Electric right-of-way at Huntington Beach but the wells are not out in the ocean.

Six permits to drill on tidelands in San Mateo county near Half Moon bay were granted by Kingsbury out of 24 applications received. Kingsbury's office also signed leases in the old Summerland and Elwood fields.

ARMY APPEALS FOR CHRISTMAS CONTRIBUTIONS

That there will be no discrimination in the presenting of gift provisions and clothing among the needy families of Santa Ana this year was made known today by authorities in the Salvation Army headquarters. Every homeless man in the city is assured a welcome by officers of the Santa Ana corps and a genuine Christmas dinner on Christmas day.

The thought of worthiness is to be perished for the occasion, according to Capt. Joe Morton, so that none will be hungry on the birthday anniversary of the Christ child. More than 150 baskets of provisions will be distributed among the needy Tuesday and 200 of the less fortunate children will be given a treat and Christmas cheer party in the Salvation Army citadel the night after Christmas. A large Christmas tree will feature the latter program.

Again urging the importance of assisting the unfortunate of Santa Ana, Captain Joe Morton said today: "When you hear a sermon tomorrow morning, or the Good-Will song, you'll feel particularly happy if you have sent a check to the Salvation Army or dropped funds generously in the Army kettles. You still have an opportunity, to do so. Three shopping days, three kettles thus far amount to \$728.96. We are \$500 short of last year with more people out of work and in need. The applications for baskets exceed the total of last year."

NAT NEFF ELECTED HEAD OF ENGINEERS

Nat Neff, county superintendent of highways, was elected president of the Orange County Engineers' society at a meeting held at McFarland's cafe in Fullerton last night. A. A. Beard, of Santa Ana, was named secretary.

Roy Browning, retiring president, presided at the meeting and introduced the chief speaker of the evening, R. C. Cummings, of Orange, who spoke on "Mining Engineering."

G. W. Sherwood and Alexander Anderson, both of Fullerton, were guests.

The next meeting will be held in Santa Ana January 17.

OIL EMPLOYEES GET \$15,959 JUDGMENT

Judgment of \$15,959.18 was awarded the plaintiff yesterday by Judge G. K. Scovel in an action directed against the Federal Oil company of California by D. R. Byrd.

The total was for claims of 17 employees of the oil company for services rendered during the last year. The suit was brought in the name of one man, who set forth the claims of each of his fellow employees and the respective amounts due them. The action was not contested by the oil company.

Children Crowd S. A. Theater For Potato Matinee

It is quite probable that no keen rivalry ever existed at a county fair regarding overgrown potatoes than was evidenced today when crowds of children waited at the doors of the Fox Broadway theater, each holding a large potato as the price of admission to the matinee. Three prizes are to be given at the close of the performance for the three largest tubers. The picture shown was a talking version of "Three Live Ghosts."

The potatoes are to be given to needy families of the city and are to be distributed by the Salvation Army, it was said at the theater this morning.

SEVEN DECREES ARE AWARDED BY COURT HERE

Seven interlocutory decrees of divorce were awarded in departments of the superior court here yesterday all of them by defaults of the defendants, who failed to appear to contest the actions.

Two actions, each charging desertion, were tried before Judge G. K. Scovel. These decrees were awarded Sylvia K. Hart from Wilbur H. Hart and Edward R. Roberts from Edith G. Roberts.

Judge James L. Allen tried the other five cases. Gladys M. Clark was awarded a decree from George F. Clark on the grounds of cruel treatment. Certified copies of Canadian police records were introduced to show that the defendant had been in the custody of authorities there 11 times.

Failure to provide and cruel and inhuman treatment were grounds upon which Evelyn Hockett successfully sought to have her marriage with Willis E. Hockett dissolved.

Fern Britton was awarded a decree and custody of her child in her action against Roy P. Britton, charging extreme cruelty. Cruel and inhuman treatment was the grounds upon which Elva Canfield based her complaint for divorce from Cyrus E. Canfield, which was granted by the court.

Bertha Zaepfel was granted her decree from Louis Zaepfel on her charge of desertion.

S. A. Legionnaires Conduct Clemente Initiation Service

A party of 20 men, members of the Santa Ana post of the American Legion, went to San Clemente last night, where the officers of the Santa Ana post conducted an initiation for 25 new members of the San Clemente post of the organization.

O. A. Jacobs, commander of the Santa Ana post, presided at the meeting, which was held in the Community clubhouse.

A delegation of 25 men from the Oceanside post also was present. Commander King, of Oceanside, Franklin Grouard, commander of the Orange county council, and Charles Van Wyk, past commander, made talks. A past commander's pin was presented to Virgil Westbrook, former commander of the San Clemente post.

Dinner was served in the clubhouse following the initiation and business session.

31 U. S. PRISONERS IN COUNTY BASTILE

Thirty-one federal prisoners, handcuffed in couples, arrived at the Orange county jail early this afternoon, having been transferred here from San Diego to serve the remainder of their sentences. Crowded conditions in the San Diego county jail necessitated the transfer, it was said. Most of the prisoners were Japanese and Mexicans.

Local Briefs

The League of Women Voters of Santa Ana endorsed the action of national leaders of the same organization when it passed a resolution favoring the entrance of the United States into the World court at the meeting held in Ketter's cafe this week. The endorsement of the resolution here was made during the formal session, with Mrs. George Mangold, president, presiding.

Godfrey Marti, old-time resident of Hastings, Neb., died at Long Beach Friday. A number of Santa Ana people, former citizens of Hastings, expect to attend the funeral to be held at the Coon undertaking parlors in Long Beach Monday at 10 a. m.

Stein's For Gifts

ORANGE MAN HELD ON THEFT CHARGE

Raymond Van Horn, former employee of St. Ann's Inn, who resides at 141 North Pixley street, Orange, was arrested in his home last night by Santa Ana police officers on a petty theft charge. The arrest was made after Robert Bisby, manager of St. Ann's Inn, reported that an overcoat had been stolen from his office. Officers reported that they found the coat in Van Horn's room.

Rich marble quarries are being opened in Chill.

Three Cars Are Reported Stolen; One Is Recovered

Three automobiles were reported stolen from the county last night, one of which, stolen here, was recovered by Santa Ana officers.

The car of P. E. Colay, of 1021 Cypress street, stolen from a place on East Fifth street, where it was parked, was located by officers on South Artesia street, abandoned.

Thieves entered the garage of F. C. Silver, of Tustin, last night, and stole his automobile. He had offered a reward of \$25 for the arrest of the thief.

C. D. McCament, of 1124 East Fourth street, reported to police

MEMBERS OF O. E. S. GUESTS AT PARTY

BREA, Dec. 21.—Mrs. Robert Russell, worthy matron, and Charles Miller, worthy patron of the Eastern Star chapter, were hosts to a number of charter members and officers of the organization in the home of Mrs. Russell recently.

A turkey dinner was served at 6:30 o'clock and a tree hung with silver bells centered the table, garnished with red and white.

Last night that his machine was stolen from a place where he parked it in Garden Grove.

lands of himself leading from the place of each guest to the bells. Santa Claus and his reindeer were stationed under the branches of the tree. Nut cups were in the form of gold stars.

After dinner had been served the group enjoyed a theater-party. Each woman present was presented with a lovely corsage of red sweet peas.

Those sharing the happy occasion were Mr. and Mrs. Charles Miller, Mr. and Mrs. John Frye, Mr. and Mrs. H. E. Clayton, Mr. and Mrs. J. W. Oldfield, Mrs. Esther Gale, Mrs. Vera Yardrough, Mrs. C. O. Harding, Mrs. Grace May, Mrs. Clytia Hubbard, Mrs. Clara Close, Mrs. Bernice Folsom, Mrs. G. C. Jensen, Mrs. Robert Russell, Mrs. Anna Woodworth, Gwen and Winifred Barnett and Mrs. Florence Baker.

FIGHTERS DISAPPEAR AS POLICE CALLED

Police were called to two places last night to stop fights but the fighters had disappeared when they arrived.

A fight was reported in progress at 1133 West Chestnut street at 9:15 p. m., and several boys were reported fighting at or near 115 South Ross street at 7 o'clock.

Officers who answered the calls reported they were unable to find any disturbance at either place.

A New Yorker has opened a shop to dry clean cats.

WALKERS WILL SHOW WARNER BROTHER FILMS

Announcement was made today by Vic Walker, manager of the West End theater, that Warner Brothers pictures, not shown in Santa Ana since the William Fox organization gained control of virtually all Santa Ana theaters several months ago, would be shown exclusively in his theater during the ensuing year.

The announcement means that all big pictures made now will be shown to Santa Ana movie fans.

Walker also announced that the name of the theater had been changed to Walker's theater and that a big reopening program would be held on Christmas eve, at which time the first of the Warner Brothers' pictures will be shown. The picture is "So Long, Letty," starring Charlotte Greenwood, and is taken from the famous stage play by the same name, in which Miss Greenwood was the star.

The picture will run five days, through Saturday night, and will be followed Sunday by the Warner Brothers' Vitaphone production, "Evidence," featuring Pauline Frederick. Other Warner Brothers' productions to be shown here in the near future, according to Walker, are "The Gold Diggers of Broadway," Al Jolson in "Say It With Songs," George Griggs in "Darsell," "Song of the West," and others.

The entire output of Tiffany-

CITY TRAFFIC OFFICER HURT IN COLLISION

W. F. "Bill" Neilson, city motorcycle officer, suffered a broken leg just above the ankle, in an automobile-motorcycle accident at Seventeenth and North Main streets at 9 a. m., today.

He had been working just 10 days after his recovery from a similar smashup.

Neilson was chasing a speeding car north on Main street when an automobile, reported to have been driven by C. E. Ousley, of Good Springs, Nev., a visitor in the city, turned to the left to enter a service station. Neilson's motorcycle crashed into the side of the car.

No one in the automobile was injured. Ousley is visiting in the home of Mr. and Mrs. Charles Baldwin, at 1070 Fairview avenue.

Neilson was taken to the Santa Ana Valley hospital, where he will be a patient for several days, it was said.

On October 18, at South Main street and Stanford avenue, Neilson experienced the same kind of an accident. He was chasing a speeder when a car made a left turn in front of him.

Stahl productions, among which are "Woman to Woman," with Betty Compton, "The Los Zepellins," "Journey's End" and "Troupers Three" also will be shown.

New seats have been installed on practically all the main floor of the theater and all old seats will be supplanted within the near future, it was reported. According to Walker, the new seats are superior to any general admission seats in any theater in the county.

In addition to first run Warner Brothers' pictures, outstanding road shows also will be brought to Santa Ana, Walker said.

BRIDGE SHARKS

These wily competitors in the National Bridge Championship Tournament at Chicago, take no chances of someone slipping a card up a sleeve. They are, left to right: Mrs. B. R. King of Cleveland, Mrs. E. M. Lagron of Chicago, Mrs. Frank Rosenberg of Chicago, Mrs. H. J. White of Cleveland and Mrs. J. E. Fisher of Chicago. Needless to say, the oversized cards were abandoned when they began serious competition.

ALLIGATOR SENT TO KELLEY BY UNKNOWN SANTA CLAUS

None can make Charles S. Kelley believe that Santa Claus does not exist! No sir, not for a minute. Why? Because some jolly Saint Nicholas, name unknown, already has sent Kelley a Christmas present.

The strange gift came all the way from Florida—and it was an alligator. The Santa Ana druggist failed to remember having made the personal acquaintance of "Santa Claus," but the token of esteem is no less appreciated.

Kelley said today that the live animal is quite savage and

because it ran away from home he has had to "farm it out so that it will have a much needed rest after the long trip." He will not disclose the location of the alligator's rest home, apparently believing it unsafe.

This Christmas pet does not answer to any of the names Kelley has applied, he said today, nevertheless he considerably feeds the young alligator raw meat. It is Kelley's plan to present the animal to the city at a later date and it probably will become a permanent resident in the Irvine park pond.

NOMINATION OF GROVE TRUSTEE ASPIRANT FILED

The first nomination paper for the approaching municipal election in Garden Grove was filed with County Clerk J. M. Backs today by August Stamm, a candidate for trustee.

The election recently was set by the county board of supervisors for January 20, at which time residents of the territory set forth in a petition for incorporation will vote on the subject of incorporating and also on officers for the proposed new city.

Candidates are to be nominated not more than 60 days nor less than 60 days prior to the election and the law provides that the nominations shall be made by petitions carrying not more than 10 nor less than five names of qualified voters.

The paper which was filed here today carried the names of nine residents and the list will be checked by Backs to ascertain if they are qualified electors. The paper carries the statement that it was circulated by Vernon King and carries the assent of Stamm to accept the office if elected.

Five trustees, a clerk and a treasurer are to be chosen by the voters at the election next month.

Balloons To Be Given Kiddies At Martin's Airport

Balloons will be given to every child visiting the Martin airport tomorrow, it was announced today by L. D. Ayers, who is in charge of the port. At the same time Ayers said that he would present a program of aerial stunts at 4 p. m. Linn Crawford will be at the port all day delivering, at periods, an address explanatory of activities at the field and particularly describing movements of ships and the control operations that cause a ship to go into different positions.

Husband Beat Her, Is Woman's Claim

Doris Chavez, 27, of Placentia, was admitted to the Orange County hospital this morning, badly beaten up. According to the story she is said to have told hospital authorities, her husband beat her. She was reported to have received a possible fracture of the shoulder and cuts and bruises.

CAN YOU BEAT THEM?

LONDON, Dec. 21.—Color combinations occupy a lot of the women of Hull the majority of the time. The predominating question is whether to continue with the present municipal year-book, which has a dark red cover, or change the cover of the book to match the fashionable shade of gloves. Many of the women refuse to carry the books because the color clashes with their scheme.

PHONE SAVES SUICIDE

NEW YORK, Dec. 21.—Louis Potash, 70, attempted suicide. After he had taken poison, he stumbled and knocked the phone receiver off its hook. Groans of the man reached the telephone operator, who sent police and an ambulance to Potash's home. It is believed Potash will recover.

H. O. WALLACE NAMED IN SUIT FOR \$35,750

Henry O. Wallace was made defendant in a \$35,750 damage suit filed yesterday afternoon in superior court by Dorothy Gillis, 15-year-old Orange girl, who was a guest in Wallace's car the night of October 30, and who sustained injuries in the crash when the car left the road and smashed into a telephone pole near the intersection of Seventeenth street and Grand avenue.

The complaint alleges that the accident was caused by careless operation of the car by Wallace, who, it is asserted, was traveling at a high rate of speed. The plaintiff alleges that she received lacerations and gashes about the face that will leave permanent scars that she suffered a cerebral concussion, abrasions and lacerations of the body, limbs and head, fracture of the leg and ankle and a severe shock to her nervous system.

The suit was brought in the plaintiff's name by her father, W. W. Gillis, 244 South Lemon street, Orange, as guardian.

BELIEVE IT OR NOT, TODAY IS SHORTEST

The shortest day in the year arrived this morning with no fanfare of trumpets or other distinguishing mark. The few minutes more or less which will be cut off of the hours of daylight today scarcely will be missed in a city of busy shoppers.

That astronomers are mistaken in calling the day the shortest was the opinion expressed by the young residents, who declare that each day has been growing longer for the last month and will continue to do so until December 25.

As far as shortness in financial matters is concerned, persons who have every reason to be sure of their facts declare that a much shorter day will occur December 26. Anyway, Old Sol will cross the tropic of Cancer today and begin his journey southward, adding a few more minutes of daylight each day.

EVERYTHING COMES ST. PAUL, Dec. 21.—To him who waits—if he waits long enough. Forty-five years ago Larry Krouse, now a prosperous merchant of Red Wing, Minn., carved his initials on a silver dollar and set it in circulation. He has kept a lookout for the dollar ever since and during a sale recently he received the same dollar in payment.

The eyes of the bee are so weak that it can not see its enemies except as they move.

Sugar digests quickly.

SANTA CLAUS IS MORE THAN 300 S. A. VISITOR ON AIRPLANE TOUR ATTEND CITY'S ANNUAL PARTY

Demonstrating the present day method adopted by Santa Claus for transportation, the "good will" airship of the Richfield Oil company, bearing Santa Claus, visited Santa Ana for a brief period today, the Stearman plane halting at the Martin Airport.

Flying over the city at a little before 11 o'clock, Santa Claus dropped 8000 letters for the kiddies of the city, directing them to Richfield dealers for presentation of a rubber dirigible as a present from the big and generous oil company.

A small parachute also was dropped, to which was attached a letter directed to the editor of The Register, instructing the boy or girl finding it to bring the letter to the office to be rewarded with a \$1 bill. Ray Rime, 11 years old, residing at 1121 West Eighth street, received the money.

George Irvin was in charge of the plane and with him as Santa Claus was Ralph Hall. The ship today completed a good will tour that covered every section of the Southland, with stops in many of the cities and the dropping of letters in virtually every city in the south.

In the letter to The Register, Santa Claus said:

"After travelling around these many years by reindeer, it certainly is a treat to travel by air—changing the jingle of sleighbells for the whirr of the propeller. Now I know what a thrill Lindbergh got and I don't wonder

With more than 300 men, women and children present, employees of the city last night enjoyed their third annual Christmas party in the city garage. Vividly colored lights were used in the garage, and on the huge Christmas tree which centered the room.

An enjoyable program was given, which included Christmas carols by a group of 10 women, after which the guests enjoyed cards and dancing.

Prizes for bridge were awarded to Mrs. DeWitt Dudley and Gerald Fitzgerald, and in "500" to Mrs. James Parsons and Henry Connor. Santa Claus, who added a note of gaiety to the proceedings, was portrayed by P. A. Vandan.

Refreshments were served and in addition to the individual gifts distributed, sacks of walnuts, candy and an orange were given to each guest.

Those in charge of the affair were E. L. Vegely, Lloyd Banks, Audley Barnhill, Mrs. Lee Patton and Miss Jane Wilde.

that the folks of the west so rapidly are becoming air-minded.

"Of course, you know my most important mission this year is to visit by plane all the boys and girls on the Pacific coast and drop off remembrances from Richfield for each and every one of them."

When the good will ship flew over Santa Ana it was followed by a plane piloted by Eddie Martin, who had as his guest H. R. McVay, district manager here for the oil company.

The Right Place for CHOICE Loans

SECURITY-FIRST NATIONAL BANK considers loans secured by improved real estate one of the best forms of investment for its savings funds. If you seek a new loan, or the re-financing of a loan on improved residential or business property, the logical place to apply is here.

The Bank's interest rates are moderate. Where loans are made direct by the Bank to the borrower, no "commission" is charged... only the proper, necessary expenses of appraising, bringing down the title, and recording the transaction, with escrow fees where circumstances make an escrow necessary.

POLY PRINTERS TO PARTICIPATE IN ART CONTEST

WASHINGTON, D. C., Dec. 21.—The printing department of the Santa Ana polytechnic high school is one of a large number of schools in cities of the United States which will take part in a nation-wide project sponsored by the National Education association to improve the quality of school printing and increase appreciation of typography as a fine art.

For three years the National Education association has invited printing departments of high schools to print a poster, the copy for which is furnished by the association, and which aims to set forth some educational ideal. The selection for this year entitled "The Home and the Virtues," was prepared by the National Congress of Parents and Teachers.

Last year posters were submitted from 86 schools in 56 cities. The six schools whose posters were considered best last year were: Lincoln high school, Los Angeles; Masonic Home high school, Frank-

lin, Ind.; Holm high school, Covington, Ky.; Henry Snyder junior high school, Jersey City, N. J.; Printing Trades school, Cincinnati, O., and the senior high school, Johnstown, Pa.

The poster printing is considered a project of the school and is not a contest between individuals or schools. One of these posters is reproduced each year in the journal of the national education association, where it has drawn much favorable comment.

The project in Santa Ana will be under the direction of T. E. Williams, printing instructor, and J. A. Cranston, school superintendent.

Former Resident Of County Passes

WESTMINSTER, Dec. 21.—Mrs. Phil Treney has received word of the death of Mrs. Treney's brother, Charles Edgar Coombs. Mr. Coombs was a local resident 15 years ago at which time he stayed in the Treney home while employed by Sterling Price. Mr. Coombs had been ill several years. The Coombs home is at Jackson, Calif.

Millionaire girls become spinsters more generally than poor girls.

Romania has the world's highest birth rate.

FARM CENTER OF YORBA LINDA GETS TAX DATA

YORBA LINDA, Dec. 21.—"If I hear any Yorba Linda complaining about his taxes, I shall laugh right out loud at him," said William C. Jerome, county auditor, Jerome and Sen. Nelson Edwards last night told the members of the Yorba Linda Farm center where part of their money went to, after they had been told by P. W. Damon, manager of the Yorba Linda citrus association, where it came from.

Forty members attended the meeting, which was held at the Yorba Linda Woman's club house. A 6:30 o'clock dinner was served by the hostess committee, of which Mrs. A. C. Pickering is chairman. The first speaker on the program was Norman Blaney, executive secretary of the Orange County Farm bureau, who gave a report of the recent national convention of farm bureaus, which was held in Chicago, with 1500 registered delegates present from 45 states. Blaney, who is leaving January 2 for Chicago, where he will be in charge of the farm and market highway institute, gave a condensed account of the convention, and work of the Federal Farm board.

W. M. Cory, assistant farm advisor, talked on the formation of a county rural fire protection district, stating that both Yorba Linda and Orange were interested in forming rural fire protection districts.

P. W. Damon announced that checks had been mailed Yorba Linda citrus growers that evening, the total amount received from citrus shipments during the year being \$709,000. Speaking as an Exchange man, he said that the Exchange had shipped 138,000 carloads of oranges in the United States this year, as compared to 37,000 last year, and of this number \$3,000 were from California. He stated that 80,000 boxes of small sized fruit had been exported at a loss to the Exchange, but helping to raise prices of fruit in the home market. Yorba Linda fruit was characterized as having the best decay record of any in Orange county for the past three years, and last year it was the best between Los Angeles and San Diego.

Mr. Jerome then took the floor and after threatening to laugh at Yorba Lindans if they complained about taxes, told them they were having \$83,426 spent on them this year, of which only \$57,704, was raised in the town, while the balance came from the gas tax. Expenses for the town were given in detail, education, \$44,540; roads, \$30,000; hospital, \$1,940; advertising, \$288; park, \$144; salaries, \$1,800; county bonds and interest, \$864; unbudgeted expenses, \$1,350; miscellaneous, \$2,500. The higher cost of higher education is shown by the fact that the combined high school and junior college taxes are slightly higher than for the local grammar school, while the number of students is very much smaller.

Senator Edwards then gave a talk on state taxes, which he said were collected painlessly through water, gas and electric rates, railroad fares and the gasoline tax. Los Angeles alone was said to furnish more than 40 per cent of the gas tax for the state, he said.

At the business meeting which preceded the speaking, President George Kellogg presided, while A. J. Carter acted as secretary. The program of the nominating committee, announced the nomination of P. J. Ton as secretary. Mr. Ton was duly elected, and took over the duties of his position.

A. J. Carter reported for the membership committee. It was announced that Mr. Rhoades, Los Angeles representative of the state Railroad commission, had visited C. M. Vernon, and it was thought that Yorba Linda would get a reduction in telephone rates and still be in the Placentia exchange.

HE SLID AT 40 PER

Johnny Padur, 13, Tacoma golf caddy, won't sleep on his back for several months. For his was the unique—but none the less painful—experience of sliding, seated, at 40 miles an hour along a gravelled road. He caught his foot in a rope behind a speeding auto, and was dragged a mile before the driver noticed the lad's predicament.

NEA

NEW TRIAL OF POWER PLANT CASE IS ASKED

Alleging irregularities in the proceedings and that the decision and judgment of the court were not in accordance with the law, a notice of motion for a new trial has been filed in superior court in the case of Eva H. Fendley et al. against the city of Anaheim.

The action was started some time ago by Eva and George Fendley and Carl and Johanna Timme, asking abatement of a nuisance and damages. In the suit the plaintiffs alleged that the operation of a power plant for the generation of electric current by the city resulted in damage to the homes of the plaintiffs, who lived near the power plant, and the constant vibration was detrimental to their nerves and the condition of their health.

The decision, returned by Judge Marsh, of San Diego, who occupied the bench here during the trial and who held sessions of the court in the power plant and homes of the plaintiffs, was in favor of the defendants and the plaintiffs now are seeking to have the case tried again. They asked damages of \$1500 in the original suit and also asked a court order to stop the operation of the power plant.

REV. REINIUS IS ROUND TABLE'S XMAS SPEAKER

The annual Christmas party of the Knights of the Round Table was enjoyed by members of that organization yesterday at their weekly luncheon in St. Ann's Inn with a decorated Christmas tree, exchange of gifts and an inspiring Christmas address by the Rev. O. W. Reinius, pastor of the Richland Avenue M. E. church.

Much merriment prevailed as the gifts were opened and an impromptu "symphony" orchestra was organized by those receiving musical instruments and a short program presented under the direction of Leslie Pearson, under study for Paul Ash. After serving as fun-makers at the party, the toys were turned over to a committee for distribution in the city's co-operative Christmas cheer program.

Special music for the occasion was furnished by Miss Emaline Richards, pianist, who played "Moon Dune" by Friml, and James

Sewell, who sang "It Came Upon the Midnight Clear." Sewell was accompanied at the piano by Miss Allen Lair.

Christmas was pointed out as the date of an old Roman festival known as the celebration of the unconquered sun, at which time all the slaves in Rome were free to do as they pleased for a few days. "Christmas now is the celebration of the most interesting character of the world ever has known, the Christ, who sets all mankind free," the Rev. Mr. Reinius told his audience.

"Men are outstanding in the history of the world because of achievements that will not permit them to be forgotten. Moses, Plato, Luther and Columbus are some of this company, but our relationships with them are strictly impersonal. With Jesus, however, our relationship is primary and tremendously personal. Christmas now is a white milestone in the path of the years, a season of peace and good will. World peace can only come on the basis of good will and the philosophy of Jesus is the only one that brings good will to the hearts of men."

NEW OFFICERS ARE ANNOUNCED BY FOURSQUARE

The annual business meeting for the election of officers for 1930 was conducted in the Foursquare Gospel tabernacle, corner of Fairview and Sycamore streets, last night. Other matters of business were discussed by the Rev. W. C. Parham and the Rev. Alice Wilson Parham, pastors.

Those elected for the coming year were: W. H. McIntee, F. S. Donaldson, D. J. Buchelm, P. A. Dargatz, and the Rev. Wilfred C. Parham, board of directors; Mabel Engle, secretary; D. J. Buchelm, Sunday school superintendent; Evelyn Caudell, assistant superintendent; Emma Williams, Sunday school secretary; P. A. Dargatz, head usher; Marjorie Johnston, literature caretaker; G. R. Johnston, H. N. Paulson, T. A. Lipscomb and Walter Randa, deacons; Dena Buchelm, Hattie Brock, Mrs. Coble, Mrs. M. McKinley, Mrs. Lena Reeves, Mrs. L. Lackey, Ruth Swanson, Mrs. J. Griset, deaconesses; M. F. McKinley, Elmer Ulset, F. S. Donaldson, Daniel Duchelm, W. McIntee and H. N. Paulson, stewards.

These new officers will be installed Sunday morning at the devotional service to be conducted by Alice Wilson Parham. Her topic will be "The Prince of Peace." In the evening another illustrated sermon, entitled "No Room in the Inn," will be given.

REPAIR PARTS SALES DECLINE ON STUDEBAKER

The achievement of the automobile industry in offering cars which not only provide a constantly higher standard of performance, but which cost their owners less and less to maintain is emphasized in recently compiled figures showing the steady decline in the sale of repair parts per automobile in use.

Harry D. Riley, Studebaker-Erskine agent here, said that a concrete example of this progress is the statement that sales of Studebaker repair parts have shrunk from \$12.41 per car in operation in 1922 to \$7.49 last year. "Research laboratory and proving ground have contributed much to this decline in repair parts sales through the development of finer design, the discovery and use of better materials, and improvements in manufacturing methods," Riley said.

"But another and equally interesting phase of the industry's constant search for improvement is revealed in a recent article in Automobile Topics, which goes behind the scenes in Studebaker's great South Bend plants to disclose the ingenious system by which this manufacturer uses the whole of America as a second line of laboratory defense against imperfections in its cars.

"Studebaker's system is an invaluable aid to the skilled research and design engineers and technicians who are striving to achieve the impossible task of building an automobile so soundly designed, so accurately manufactured and assembled that its parts will never need repair or replacement. The science and skill of these engineers might well design the perfect automobile. But they can never eliminate that one human quality which makes a skilled workman, supervised though he may be by the most diligent and exacting type of inspection, perform his task a thousand times perfectly, and once imperfectly."

FARM INTEREST OF SANTA FE TOLD REALTORS

The Santa Fe Railway is encouraging in every way possible development of the 4-H clubs of the nation for the reason that the clubs offer the possibility of bringing to the farms of the nation in the future well trained men and women, according to declarations made at the meeting of the Santa Fe Realty board, yesterday, by Charles W. Lane, western editor of "The Earth," Santa Fe publication.

Pointing out that the publication originally was established to promote colonization work of the Santa Fe, Lane said that while the field for colonization programs, now is limited, the publication was continuing to function effectively in advising people of various states of the activities and opportunities in each state.

The company, he said, is maintaining 18 farm demonstration training for education along the various lines of farming. He stated that more than 1,000,000 persons had visited and profited by visiting the farms.

Asserting that railroads are doing little now in local transportation business, that source of profit having been taken over by the stage lines, Lane said that transcontinental business of his company has been increasing year by year. The company is spending millions of dollars in providing equipment for freight and through passenger service, he said.

Charles Aubrey was program chairman and introduction of the speaker was made by C. D. Lindsey, travelling passenger agent for the company here.

Program Given In Westminster

WESTMINSTER, Dec. 21.—A successful Christmas entertainment was given Thursday evening by the Westminster school, with a large number of parents and friends in attendance.

The program opened with four selections of Spanish music by the Cruz string orchestra, composed of the three Cruz brothers and J. Garcia. Four plays were given by the school, one by the first and second grade pupils under the supervision of Mrs. Speck; by the third and fourth under the Misses Mitchell; fifth under Miss Estes and the sixth under Mr. Speck.

The grade mothers of the school met on Thursday afternoon to fill the candy and nut bags, which were decorated with Christmas seals.

GAS-PIPE ORGAN

LONDON, Dec. 21.—Young Mr. A. W. Alwood, his brother, and some school friends have built one of the world's queerest organs. Built during spare time, the organ contains between 600 and 700 pipes and is of the 18-stop variety. Materials used are old gas pipes, billiard balls, and knife handles. The cost of constructing the organ was about \$1000. A similar organ, purchased, would run about \$2500.

POST OFFICE BUSY

GARDEN GROVE, Dec. 21.—Over 30 sacks of parcel post have left the Garden Grove post office each day for eastern and northern points since Monday it was reported today. Many boxes and bags of walnuts have been dispatched to relatives and friends.

Stein's For Gifts

ANCIENT BATHING RULES ARE FOUND

LONDON, Dec. 21.—(UP)—Rules for bathing in the Benedictine monasteries of the 14th century have been discovered here in the regulations of St. Augustine's Canterbury, and St. Peter's Westminster.

Monks were allowed to take baths twice a year—before Christmas and Pentecost. Previous to the fourteenth century, four baths were allowed annually, but this number was cut in half because bathing was considered a luxury except when necessary for the sick.

Only four monks could bathe in one day, so it took more than two weeks to accommodate the 60 monks in the monastery. No baths were allowed on Sunday.

The monks had servants to wash them. At Westminster these servants received extra food and beer on "bath days."

The baths were taken sitting in a tub, instead of standing, as was probably the secular custom at the time. Monks were not allowed to stay in the baths to "soak" after they had been washed.

At first, bathing was conducted in complete silence, but "that good custom has been entirely abandoned in these modern times" of the 14th century.

Chaffey Wins Basket Tourny

Tunney Wins First Round In Law Bout

SAN DIEGO IS 27-26 VICTIM IN FINAL ROUND

In a whirlwind finish, the Chaffey high school team of Ontario, Calif., defeated San Diego, 27 to 26, in the final round of the Southern Counties Invitational basketball tournament at Huntington Beach last night and won the handsome silver basketball awarded to the winning quintet of 16 schools entered.

Advancing to the grand finals Chaffey defeated Fullerton in the first round, 28 to 22; downed Huntington Beach, 31 to 19 in the second round; beat San Bernardino, 32 to 16 in the semi-finals and played San Diego for the title.

In a consolation game to decide third and fourth place winners, San Bernardino defeated Chino, 32 to 29.

Members of the three winning quintets received tennis shoes as prizes of the winner, a silver cup to the second place winner and a silver statuette to the third place team.

Second, third and final round results follow:

Second Round
San Diego, 25, Oceanside, 11.
Chaffey, 31, Hunt. Beach, 19.
San Bernardino, 32, Whittier, 24.

Semi-Finals
San Diego, 21, Chino, 12.
Chaffey, 32, San Br, 16.

Fin-Diego 26.
Chaffey 27, ft writers who Coaches in action were watched, at an all-star team and as a prize for the Huntington school. Those selected were Ed Ibreborn of San Diego and Dan Nash of Chino, forwards; Dan Meek of Chaffey, center; and William Speer of San Bernardino and Robert Huston of San Diego, guards. Eldon Nafel, Chino, was given honorable mention.

Santa Ana, starting auspiciously in the first round by trimming Garden Grove, 31 to 11, went down to defeat before the strong Chino team in the second round, 25 to 15.

The entire tournament was run off with clocklike precision and the experiment was a complete success. Coaches Harry Sheue and Miner of Huntington Beach were in charge. Box scores of semi-final and final games follow:

SEMI-FINAL MATCHES

WEST WINDS

Here and There in Local Sport

By EDDIE WEST

Grantland Rice is one of the foremost sports authorities of the time. He is keen, analytical, competent. Sitting down here in our little neck of the woods we probably have no right to question him.

Nevertheless this department, which ordinarily is content to hoe its own corn and let the All-Americans hoe theirs, believes the Pacific Coast has a squawk coming over Rice's 1929 selections, as published yesterday in The Register. Rice's All-American is THE All-American.

Mr. Rice snubs the entire Pacific Coast.

Apparently we have no football players out here after all. All along I have been laboring under the impression we had some pretty good ones.

What grieves me most, however, is that my boy friend, Robert Lyman, who is a member of the world's greatest track and field coaches, I think he is the GREATEST.

Ordinarily I have a deep appreciation of whatever Robert Lyman says or does. I should have. He started me, for better or for worse, in this rickety-rocket racket.

"Dink" and I were teammates. That is, we were teammates on the Delta Gamma hashing team—and how we did team.

The Delta Gamma house at Stanford is a sorority. "Dink" and I were members there—hashing out indiscriminate way to free beans three days.

With rare judgment, Mr. Templeton surveyed the steaks each night, reserving with typical fortitude the very best on the skillet for the cook, himself and myself. What was left we toted in to the unsupervised song-singing sisters.

All of this is beside the point of course, except that it might show I am prejudiced in favor of Mr. Templeton rather than against him.

The idea I am trying, ponderously, to drive out of the rough is that Mr. Templeton, being a coast-bred athlete, should have done better by "Our Nell."

I may not be giving my old teammate of the cups and saucers a fair break at that. Perhaps Mr. Templeton recommended some coast players and perhaps Mr. Rice.

HOLD PURSE AS 'WISE MONEY' AGAINST CHAMP

NEW YORK, Dec. 21.—The "wise money" of Broadway was laid at odds of 5 to 1 against a champion last night, and the 130-pound championship of the prize ring changed hands according to expectations.

Tod Morgan of Seattle, who had held and gallantly defended the junior lightweight title for more than four years, lost it to Benny Bass of Philadelphia, just as the "wise money" said he would.

Whether Bass will be allowed to keep the championship with the approval of the New York state athletic commission depends, however, on the outcome of an official investigation which was launched immediately after the bout.

Purses Held Up

Chairman Jim Farley, who was at the ringside, ordered the purses of both fighters held up, and said his commission would inquire into all circumstances surrounding the bout.

The fight itself was sufficiently spectacular to satisfy the average customer, however.

Two straight rights to the jaw early in the second round stretched Morgan on the canvas, his limbs helpless to obey the dictates of a fighting heart. Knocked down for a count of nine at the start of the round, Tod struggled up, only to run into a smashing right to the jaw which finished him, the end coming after 51 seconds.

Never before has a champion entered the ring on the short end of such betting as took place around Madison Square Garden, where a small crowd had gathered to watch the title fight, scheduled for 15 rounds.

Morgan in Good Shape

Morgan, who had defended the championship 15 times since winning it from Mike Ballerino in 1923, appeared in good shape at 128 pounds, with Bass one pound lighter.

During the first round, Morgan gave the majority of the crowd plenty of thrills. Tod swept into Bass with a flashing two handed attack, caught the challenger off his guard and had him in retreat from the opening bell.

A left jab which constantly sent Benny back on his heels and a lightning right cross drove the challenger around the ring and it appeared as though the "wise money" might have been placed off advisedly after all.

But the silent, furtive-eyed gentry in the ringside seats sat tight and said nothing and the second round saw their confidence amply justified.

Basketball teams representing the Christian Missionary Alliance, the First Presbyterians and the First Christians were leading the Santa Ana Church league today following the completion of first round games in the Y. M. C. A. gymnasium last night.

The pace-setters were their opponents with comparative ease, the Alliance downing the Costa Mesa Community church five, 28 to 12, the Christians thumping the First Baptists, 40 to 11, and the Presbyterians smothering the South Methodists, 37 to 9.

The Latter Day Saints and the Evangelicals postponed their first round tussle.

ARMY CENTER PASSES TEST, USES PLANE TO JOIN MATES

NEW YORK, Dec. 21.—Sprawled on the mall sack of a west bound plane, Aaron A. Lazar, center of the Army football team, was speeding to Palo Alto, Cal., today in vindication of an ancient copybook maxim.

For Lazar, who failed twice, tried again and the reward was permission to join his teammates for the game against Leland Stanford university.

The stringent scholarship requirements of the military academy twice threw Lazar for a loop. However, he loyally appeared at the station for the team's send off. An instructor noticed his dejection and induced officer Lazar to pass the test.

He passed yesterday, N. J., immediately for Had was to J., where the first titled over leave since the four days the eastern seaboard, Lazar will ago was department ahead of the arrive at Palo regular square.

GIRLS! HERE'S WHAT AT ALTAR

QUEEN WILL WE

BERKELEY, Calif., Dec. 21.—When Helen Wills, tennis champion, goes to the altar Monday to become the wife of Frederick S. Moody Jr., San Francisco broker, she will wear tailored clothes, the kind for which she has always shown a preference.

She will wear a simple ensemble of brown wool, a creation of Patou. Her hat will match in color, a brown felt of the small, close fitting style.

Her shoes and gloves will be brown in color, while her hair will be a pale, creamy blonde.

Wills has been forthcoming about the newlywed life. No inking! A rumor persists that she will "use down the plan" that they will "at plan, how" in a yacht, "ted by Miss ever, has been dis"tated that Wills' mother, who had other plans had been.

GUNMEN SHOOT FOR TURKS TOMORROW

Santa Ana Skeet club members will be classified in three groups tomorrow and a turkey awarded the winner of each section, Ernest Winbiger, president, announced today.

A. L. Steward, vice president, will have charge of the handicaps. Herb Carter, secretary, said the skeet field will be open at 8:30 a.m.

Thursday's scores follow: F. Kalka, 22; B. De Vol, 19; L. D. Coffing, 18; T. Reuter, 17; F. Sawyer, 16; E. Neer, 15; F. Edmonds, 15; E. Holmes, 15; L. Pichas, 14; B. Hockaday, 13; E. Winbiger, 12; S. Nau, 12; F. Browning, 11; Nelson, 7; A. Smith, 6.

HUNTINGTON CYPRESS OPPONENTS

The veteran "Rube" Hall is the younger "Lefty" Greer in round opponents tomorrow in noon when Cypress and Huntington Beach, Orange county's representatives in the Long Beach Sur baseball league, collide at Huntington Beach.

Several weeks ago Cypress and Huntington Beach battled to a 5-5 tie and this will be a playoff to the draw. Since the title race is close, tomorrow's game may mean the difference between the championship and second place.

At present Cypress is leading the field by half a game.

AN CLEMENTE TO HAVE BASKET TEAM

LOS ANGELES, Dec. 21.—The University of Southern California basketball team will be the team in the league and at its second day of practice play all of its games at the since resumption of training and gym at the San Juan Capistrano preparation for New Year's game. Clemente in its first practice with the Pitt Panthers. Bill Seltz game lost to Orange, 32 to 24, filled in at right tackle for Frank following men are turning out Anthony, who is laid up with a knee.

Anthony, Trojan Tackle, Laid Up

DID YOU KNOW THAT—

Babe Ruth got back from his duck-hunting trip the other day and was paired with Leo P. Flynn to meet Mickey Walker and Alfred De Oro in a pocket billiards match. Part of a New York newspaper's Christmas fund campaign. Oregon Aggies have six letter men on the basketball squad, all above six feet in height. Casey Stengel, manager of the Toledo club, played halfback for Central High in Kansas City and his nickname there was "Dutch". Monte Munn, the former Nebraska footballer and box-fighter, is selling coal in Chicago. John McGraw, THE John McGraw, was fired by the Cedar Rapids team because he made six errors in one game. In one game between Detroit and St. Louis this year, Umpire Campbell called four balks. Max Bishop, in one game during the 1929 season, walked five times.

WILL HIS LUCK HOLD?

Bill figures he can finish behind the eight ball with any kind of a ball team, even the present one, so there is no harm in trying out.

(Continued on Page 7)

CADET SPECIAL IS DELAYED 12 HOURS

HUTCHINSON, Kas., Dec. 21.—The 14-coach special train carrying the Army football squad to Palo Alto, Calif., was speeding westward across Colorado today. The West Pointers stopped here for a short time late Friday, working out on the high school athletic field after being prevented from fulfilling previous practice schedules by blizzards which delayed the train 12 hours.

It was believed most of the delay would be overcome before the team reached Palo Alto where it will have almost a week for practice on the Stanford field in preparation for the game next Saturday.

Henderson Wants To Coach Loyola

LOS ANGELES, Dec. 21.—Elmer C. ("Gloomy Gus") Henderson, former U.S.C. coach, has applied for the position left vacant when Bill Driver resigned as athletic director of Loyola university. Henderson has been coaching the University of Tulsa since leaving U.S.C.

Kiser To Succeed Phelan At Purdue

LAFAYETTE, Ind., Dec. 21.—One of Coach James Phelan's assistants, Noble Kiser, is to take up Phelan's work as football coach at Purdue this spring, it was unofficially reported here today.

Kiser, former football star at Notre Dame, has helped coach Purdue teams for several years.

CARRIGAN RETIRES AS RED SOX PILOT

BOSTON, Dec. 21.—"Who will be the new manager for the Boston Red Sox?"

That was the burning question of the hour today with the announcement by Bill Carrigan, manager of the American league team for the past three years, that he will retire to private life.

Carrigan gave as his reason for severing his connections with the Red Sox, the growing press of business, and the unwillingness to be separated from his family for long periods.

Wray Is Elected Penn Grid Coach

PHILADELPHIA, Dec. 21.—Everybody from Knute Rockne to "Pop" Warner having been mentioned for the job, University of Pennsylvania officials today announced the appointment of James R. "Lud" Wray as head football coach.

It was intimated Wray's contract was for one year only.

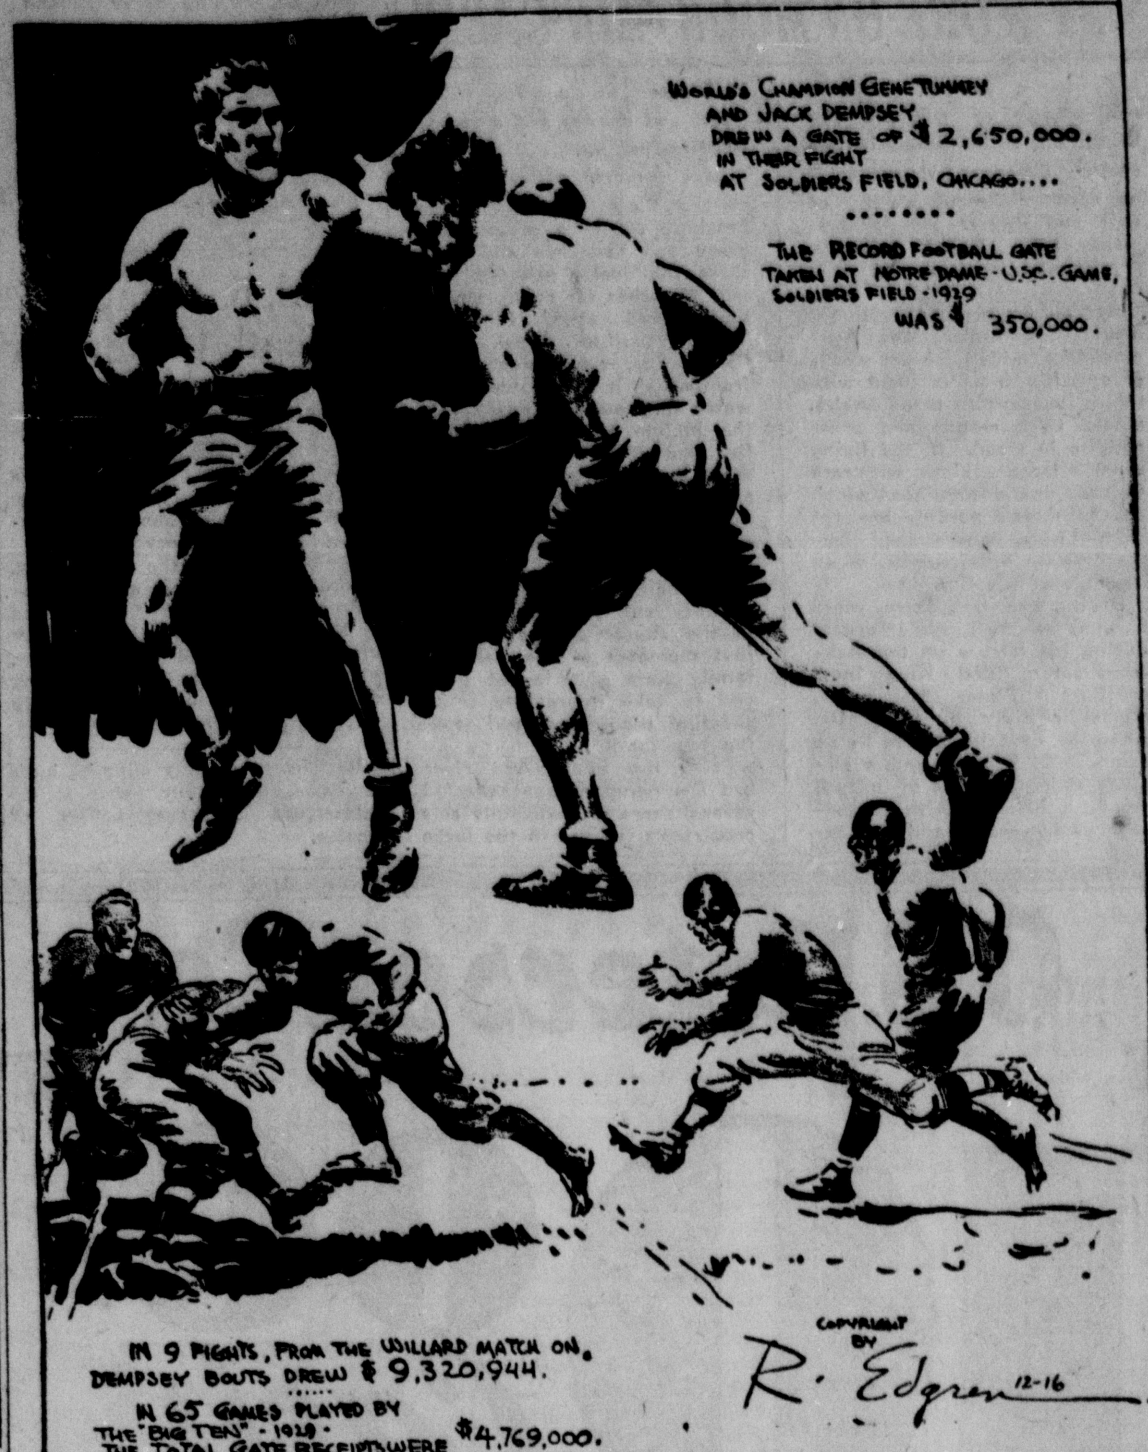

Wray, former star center on the Red and Blue eleven, succeeds Lou Young, who, after serving seven years, resigned after the Cornell game on Thanksgiving.

TREE MOTHERS TREES

LONDON, Dec. 21.—One of the strangest trees ever seen in England is growing at Iwer Heath. It is a common willow tree in all points, but from its trunk are growing a mulberry tree, a cherry tree and a gooseberry bush. It has proven a puzzle to agriculturists in the neighborhood.

young talent as there is nothing to lose beyond last place. The team of last year was impossible. Throughout the league it was regarded as a joke and a subject of sports writers' jibes. McKechnie faces no easy job in building this crowd of taterdemillions into a respectable team. But Bill has courage and a good baseball brain. It is also possible his luck may hold out for a few more years. At any rate the Braves will be an interesting team to watch.

The Phils were that kind of a ball team a few years ago—regarded as just a prank in the National League. But Burt Shotton has gone along patiently working, trying out new talent, taking all kinds of chances on young ball players and now he has a club with real power, both on attack and defense.

McKechnie, however, hasn't been so lucky to date in getting rid of the old boys. Everybody he asks about a trade asks him if they still bake those wonderful beans down there in Boston.

COLORFUL WEDDING

LONDON, Dec. 21.—Probably the most colorful wedding ever held at Hanwell was performed there recently. The bride was named White and the groom Brown. Two of the bridesmaids attending the bride were named Green and Black.

Majestic

'KING CHRISTMAS' MAJESTIC OFFERING

For the majestic hour tomorrow, Wendell Hall is planning several innovations, including a group of Yuletide melodies "sung" by a duo of crooning violins, and a 30-minute presentation entitled "His Majesty King Christmas," which has been prepared expressly for the majestic Theater of the Air by that recognized authority on matters musical, Dr. Sigmund Spaeth. The Columbia Broadcasting system, including KHI, releases the program at 6 p. m., coast time.

Speaking of the Christmas program, Hall declared: "Dr. Spaeth has worked out the idea of King Christmas in such a way that his presentation will give not only a beautiful explanation of Christmas, but a large variety of musical and 'sound' effects as well." Reddifer Hollinshead and Muriel La France will be heard in duets appropriate to the occasion, and all musical numbers will be accompanied by Arnold Johnson's Majestic orchestra.

Merry Makers To Present Program Of Fun and Noise

The Merry Makers, bringing in to action KHI's big battery of fun, noise and music makers, lays down a gay barrage of nonsense and musical novelties to-night, 9 to 10 o'clock, over KHI, Lew Kell, Standard MacWebster, Hobart Kennedy and the Four Boys will be up to their new tricks. Ray Foley, of KHI's technical staff, has contributed another tonal skit, "The Poor, Persecuted, Prevaricating Persian Peasant." Dick Rickard's brain monstrosity is called "The Ghost of Pelham Manor," a thing dripping with gore and suspense with an abrupt ending which will enthrall and amaze you. A blackface duo, the Two Turks in Cork, makes its dusky radio debut. Roy Mertz, formerly arranger for Warners Pennsylvanians, has tampered with "Chant of the Jungle" with great success. Raymond Paige and his Sierra Symphonists will play it and "Love Ain't Nothin' But the Blues." Marion Sevier, whistler, chorus and orchestra, will rush the microphone with Blake Reynolds' arrangement of "Neopolitan Nights."

New Paint Store For Buena Park

BUENA PARK, Dec. 21.—Announcement of a new paint store, to be opened the first of January by Fullerton, in the building on Grand avenue near Artesia street, formerly occupied by G. L. Tipp, was made this week.

Several other new changes have been reported in business houses. E. E. Black, for the past two years manager of the K. E. Drug company here, has been appointed manager of a new store.

Joseph Simmons, who has been with the company for some time in the Santa Ana Main street store, is now manager of the local store.

Mrs. Black will be connected with the Buena Park store until New Year's when she will assist her husband in Santa Ana.

Walter Breckenridge sold the Buena Park Meat market to M. E. Cheatham, of Anaheim, and Roy Carlton, of Fullerton. Breckenridge plans on leaving within a few days for Clovis, N. M.

Pea vines, in common with all legumes, enrich the soil with nitrogen, which is taken from the air.

With the coming of autumn, bats migrate south to spend the winter in the tropics, just like birds.

DR. ASHMORE'S ABILITY AS CABINET MAKER ATTESTED BY WORK ON MOUNTAIN CABIN

To be a Jack-of-all-trades and master of none is one thing; but to be skilled in two entirely different professions is an accomplishment worthy of note and this is the achievement of Dr. Frank Ashmore, prominent physician of this city.

Besides his proficiency in the medical profession, Dr. Ashmore is a skilled cabinet worker and his home is filled with tables, book stands and other articles in wood. In the living room a large cabinet, with rare Chinese inlaid carvings, which Dr. Ashmore's parents brought from China, where they formerly were missionaries, is an example of his fine work.

During the last three years he has worked at intervals during his leisure on the Ashmore cabin, "Wel-Kum-Inn," on Barton Flats. The cabin, almost entirely built by Dr. Ashmore, contains a long living room, with balcony and a circular staircase made of natural wood, a kitchen with instantaneous hot water and a light-

ing system, a dressing room, closet and shower and a roomy sleeping porch.

Last summer a heavy snow at the Flats resulted in the breaking off of a great many green oak branches and from these the doctor selected natural branches for rustic chairs, tables and other furniture. Outside, within throw of a fishing line, runs a clear creek, from which it is possible to get water for house purposes. On the incline to the creek bed Dr. and Mrs. Ashmore have made a sunken garden, bordered with tall mountain ferns and centered by a small natural pool and waterfall. A family of owls made "Wel-Kum-Inn" their headquarters last summer and became so tame in the course of the summer that members of the Ashmore family were able to pet them and to take interesting snapshots of the mother owl feeding her family.

From the Santa Ana river bed Dr. Ashmore has collected several score of beautifully colored rocks for use in the large

chimney at the cabin. Moss-framed pictures add to the rustic appearance of the house.

Dr. Ashmore stated that he had made most of his Christmas gifts in his spare time and an inviting array of end tables, book racks and other indispensables were testimony to the fact.

"As long as I can remember back, I have enjoyed working in wood," the physician said. "It is my hobby—everyone should have something besides his real work, and this is mine."

Child, 6, Escapes Death Under Car

ANAHEIM, Dec. 21.—The condition of Donald Heim, three-year-old son of Mr. and Mrs. Benjamin F. Heim, R. F. D. No. 1, who was injured Thursday when he was struck by an automobile, was reported as satisfactory today.

The car ran over the child's body, according to a report at the Anaheim police station, and was driven by E. Rodriguez, of Atwood. Eye witnesses exonerated the driver, who was said to have been driving slowly when the child ran directly in front of his car.

Barnacles not only cling to hulls of ships, but they also attach themselves to the bodies of whales.

Of all foods sugar is most quickly digested and assimilated into the body.

The skunk has no fear of bees, being able to catch and eat them without being stung.
